

## Seabird Tex Ltd.

### COMPANY PROFILE

We are a Bangladesh based garments/apparel sourcing company for our customers. We act like as a 3<sup>rd</sup> eye for our customers for sourcing, assigns, pricing, development, monitoring, quality control & finally on time delivery. Seabird Tex Ltd has become garments industry leader within shortest time since 2017 strives to achieve global standards in quality, cost, service and scale of operation. We are focused on giving innovative products, technologies & materials to manufacture the finest products at a reasonable cost. By being responsive to our customers' requirements and anticipating changes in market trends, we hope to provide a superior level of service than our competitors. We are committed to the success of all the partners that we work with and try best to accommodate their needs. Finally, we believe that our employees are our greatest assets and invest in their welfare and development during and beyond the time that they work for us.

#### **What we offer you as your 3<sup>rd</sup> eye:**

##### **Sample Development:**

Our own sample unit gives us woven and circular knit faster sample development facility. We can develop any kinds of samples according to our customers demand following guideline and technical pack, art work. We develop all woven and circular knit samples such as development sample fitting sample, size set sample, pre-production sample from our own sample unit. We develop faster world new trend samples to offer our customers as well.

##### **Order Placement:**

We source right factory according to product category and nature of the products and place them to the right factory for smooth execution and production.

##### **Pricing:**

We check prices with several factory and filter them at our end before offering to our customers to reduce their work load. In most cases we offer prices at the same day to our customers.

##### **Merchandising:**

Our Merchandising team respond to each and every communication with top priority to provide faster support on every issue and to execute the orders nicely. They do fabric, yarn, trims, print and embroidery sourcing abroad as well as locally.

##### **Quality Control:**

Our technical team filter all the samples at our office before dispatch them to our customers and our quality team checks all the production related quality issue during productions till inspection and even the work at the claim settlement stage.

##### **Evaluation & Audit:**

Our compliance and quality team evaluate and asses social compliance, construction, financial information, information, operational audits. Our QA team check technical issues and our compliance team do rest of the audits according to our own preset standard as well as our valuable customers' requirements.

##### **Our Products:**

### **Circular Knit:**

We have strong and reliable factories to make variation of T – shirt for gents, ladies, kids, and inner wears according to your requirement.

### **Woven (Denim & Non-Denim):**

We have strong and reliable factories to make all kinds of shirt, long pant, shorts, and Jacket.

**Tricot:** – We have string and reliable factories to make all kinds of sweaters like 12GG, 7GG, 5GG, 3GG and any kind of light weight sweater.

Our expert team habituated to develop using most modern technology to create washing, dyeing, printing effect on garment by maintaining buyer’s quality, testing, compliance to fulfill certification requirements to serve our customers sustainable business for our beloved planet.

### **Sustainability:**

In today’s global economy the protection of the environment is a key component of any sustainable business plan. Reversing, Global warming, climate change, damage to the ozone layer and the loss of biodiversity is the responsibility of business today.

Seabird Tex has commenced a ground breaking project. We commitment and passion, to people, families, workers, society and the planet translates into a driving force towards sustainable business.

Considering the environmental responsibility, we always prefer to do BCI Cotton, Organic Cotton and Recycled fibers products along with sustainable or environment friendly washed and even biodegradable poly bags or recycled poly bags with GRS certified suppliers.

**BCI Cotton:** Now a day’s BCI cotton is a well-known project. We have reliable fabric sourcing of BCI cotton and can do BCI cotton products without any up-charge where some of our competitors will definitely ask you for up-charge.

**Organic Cotton:** Organic cotton is most demanded cotton in todays consumer buying list. We have reliable enlisted GOTS and OCS certified vendor as well organic cotton fabric producer and GOTS or OEKO-TEX certified trims producer as it’s demand.

**Recycled polyester fibers:** Recycled polyester is getting into consumer buying list day by day in today’s world. We have pre consumed and post consumed recycle blended polyester fabric sourcing.

**Biodegradable or Recycled Poly Bags:** Biodegradable substances include food scraps, cotton, wool, wood, human and animal waste, manufactured products based on natural materials (such as paper, and vegetable-oil based soaps). Recycled poly bags raw materials are made from pre consumed and post consumed polyester (especially pet bottles). We have both biodegradable and recycled poly bags sourcing locally in Bangladesh to full fill our customers demand.

Our specialty is to bring the sustainable products on our customers table using lowest power, water, minimum chemicals to save our beloved planet and for our future generation.
